Please Stay Safe!

Munson-Williams-Proctor Arts Institute’s top priority is the health and safety of its visitors, students, and employees. The following guidelines have been implemented to provide a safe experience for all. Thank you for your cooperation.

**STAY AT HOME IF YOU ARE SICK**
If you are not feeling well, please do not visit Munson-Williams. Visitors are encouraged to practice healthy hygiene and avoid visiting if they feel ill or are having any of the following COVID-19 symptoms: Fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, or diarrhea.

**WEAR A MASK**
All guests are required to wear a proper facial covering that fits securely over the mouth and nose during their entire visit to Munson-Williams. Per CDC guidelines, children under the age of two are not required to wear facial coverings.

**LIMITED CAPACITY**
Munson-Williams is limiting the capacity of our buildings, galleries, restrooms, and elevators. Please adhere to the posted limitations for each space.

**SOCIAL DISTANCING AND DIRECTIONAL FLOW**
Practice social distancing and keep at least 6 feet between your group and others. Signs and floor markings have been placed in appropriate areas to facilitate the 6-foot distance guidelines. Please wait at an appropriate distance until the person/group in front of you moves forward. Please follow the arrow markings throughout Munson-Williams that provide guidance for one-way foot traffic.

**USE HAND SANITIZER**
Hand sanitizer stations are provided at entrances and throughout Munson-Williams. Visitors are asked to sanitize their hands before handling items in the Museum Shop, Campus Store, and Library.

**WASH YOUR HANDS OFTEN**
Visitors are encouraged to wash their hands with soap and water for at least 20 seconds frequently throughout the day. Hand washing supplies are available in all accessible Munson-Williams restrooms.

**FOLLOW STAFF DIRECTIONS**
Please follow all directions from Munson-Williams Campus Safety staff. They are working for your safety and the safety of all our visitors.

Exposure to COVID-19 is an inherent risk; any interaction with the general public poses an elevated risk of being exposed to COVID-19. Please note, the CDC advises that older adults and people of any age who have serious underlying medical conditions might be at higher risk for severe illness from COVID-19. Visitors should evaluate their risk in determining whether to attend. We appreciate your cooperation during this unprecedented time. Visit the [CDC](https://www.cdc.gov) and [New York State Dept. of Health](https://www.health.ny.gov) websites for the latest guidelines.

Thank you for your cooperation!
